Hello and welcome.

Welcome to the refined world of KD Pet Spa, the fruit of an enduring creative partnership between 'Britain's Best Groomer' and an esteemed centre for wellness in the heart of Somerset.

As a qualified, multi-award-winning pet specialist and dermatologist with more than 23 years' experience, I work to a truly international standard. I push the boundaries of traditional pet care to offer a wide range of curated therapies, from tailored trims to paw-dicures and blueberry facials.

Montigo Wellness adds a touch of glamour to the equation, offering opportunities for supplementing your visit with a colourful locally sourced lunch, a focused fitness programme, or a journey through steam rooms of different temperatures.

Together, we intend to elevate the wellbeing of your beloved cats and dogs; to offer a level of refined indulgence that mirrors the elegance of the historic country house we call home.
